CASSETTEAWNING

TCO KYVOS LIGHT

Folding-arm awning in an aluminium cassette, for wall or ceiling

up to 6.00 × 4.10 m | **Wind Class 1 – 2** | **Manual or motorised**

General characteristics

TCO Kyvos Light is a **folding-arm awning in an aluminium cassette**, on fixed side brackets with an anchoring backplate. When retracted, the cassette **fully covers the fabric**, protecting it from weather, dirt and UV. The same bracket mounts **on a wall or a ceiling**, and adjustment takes a single operation thanks to the through-bolt system. It reaches **6.00 × 4.10 m**.

The cassette closes fully and protects the fabric.

Fully closed cassette
Fabric protected from weather, dirt and UV.

One bracket, two mountings
The same bracket for wall or ceiling.

3 arm types
Standard, Spin or Heavy Duty up to 4.10 m.

Easy maintenance
Inspectable cassette, in three separate profiles.

Manual or motorised
Crank or electric motor.

LED arms
Optional LED lighting for the evening.
